The President  
The White House  
Washington, D.C.

Through: Regional Director  
FEMA Region VI  
800 North Loop 288  
Denton, Texas 76209

Dear Mr. President:

Under the provisions of Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5206 (Stafford Act), and implemented by 44 CFR § 206.36, I request that you declare: an expedited major disaster for the State of Louisiana as Hurricane Katrina, a Category V Hurricane approaches our coast south of New Orleans; beginning on August 28, 2005 and continuing. The affected areas include all the southeastern parishes including the City of New Orleans directly impacted by the brunt of the storm and the mid state and northern parishes accepting the thousands of citizens forced to evacuate from the impacted areas directly affected by Hurricane Katrina.

Parishes expected to receive major damage based on the anticipated track of Hurricane Katrina are: Ascension, Assumption, Jefferson, Lafourche, Orleans, Plaquemines, St. Bernard, St. Charles, St. James, St. John, St. Tammany, Terrebonne, and Washington.

In addition we are expecting that the following parishes to suffer significant damage as tropical storm force wind and heavy rainfall occur in the aftermath of Hurricane Katrina's landfall: Acadia, Calcasieu, Cameron, East Baton Rouge, East Feliciana, Iberia, Iberville, Jefferson Davis, Lafayette, Livingston, Pointe Coupee, St. Helena, St. Mary, St. Martin, Vermillion, West Baton Rouge, and West Feliciana.

Parishes that are affected by the evacuation of persons from the southeastern parishes of the state as we implement the Louisiana Shelter Operations Plan are: Allen, Avoyelles, Beauregard, Bienville, Bossier, Caddo, Caldwell, Catahoula, Claiborne, Concordia, Desoto, East Carroll, Evangeline, Franklin, Grant, Jackson, LaSalle, Lincoln, Madison, Morehouse, Natchitoches, Ouachita, Rapides, Red River, Richland, Sabine, St. Landry, Tensas, Union, Vernon, Webster, West Carroll, and Winn.

In response to the situation, I have taken appropriate action under State law and directed the execution of the State Emergency Plan on August 26, 2005, in accordance with Section 401 of the Stafford Act. A State of Emergency has been issued for the State in order to support the evacuations of the coastal areas and the remainder of the state to support the State Evacuation and Sheltering Plan.

A Preliminary Damage Assessment will be conducted as soon as possible after the landfall of Hurricane Katrina. Based on the predictions we have received from the National Weather Service and other sources, I have determined that this incident will be of such severity and magnitude that effective response will be beyond the capabilities of the State and the affected local governments and that supplementary Federal assistance will be necessary.

I am specifically requesting:

Mr. President

To support the evacuation/sheltering effort, I am also requesting: Individual Assistance, including the Individual and Household Program (IHP), Crisis Counseling, and Public Assistance (Category B) for the following parishes: Allen, Avoyelles, Beauregard, Bienville, Bossier, Caddo, Caldwell, Catahoula, Claiborne, Concordia, Desoto, East Carroll, Evangeline, Franklin, Grant, Jackson, LaSalle, Lincoln, Madison, Morehouse, Natchitoches, Ouachita, Rapides, Red River, Richland, Sabine, St. Landry, Tensas, Union, Vernon, Webster, West Carroll, and Winn.

- Louisiana Department of Wildlife and Fisheries (WLF): Costs to support evacuations.
- Louisiana Department of Transportation and Development (DOTD): Costs to support evacuations.

Due to the extraordinary nature of this catastrophic hurricane and based on the anticipated damages in the impacted areas including the New Orleans Metropolitan region, I am requesting an increase of the Federal cost share from 75% to 100% for Individual Assistance, Public Assistance (All Categories) and Direct Federal Assistance. I certify that for this major disaster, the State and local governments will assume the applicable non-Federal share of costs required by the Stafford Act.

I request direct Federal assistance for work and services to save lives and protect property.

- (a) We do not anticipate State and local government resources to be able to accomplish the volume of debris removal anticipated for this disaster.
- (b) We are requesting a direct debris removal mission assignment for Hurricane Katrina.

In accordance with 44 CFR § 206.208, the State of Louisiana agrees that it will, with respect to direct Federal assistance:

1. Provide without cost to the United States all lands, easements and rights-of-ways necessary to accomplish the approved work;
2. Hold and save the United States free from damages due to the requested work, and shall indemnify the Federal Government against any claims arising from such work;
3. Provide reimbursement to FEMA for the non-Federal share of the cost of such work in accordance with the provisions of the FEMA-State Agreement; and
4. Assist the performing Federal agency in all support and local *jurisdictional matters*.

In addition, I anticipate the need for debris removal, which poses an immediate threat to lives, public health, and safety.

Pursuant to Sections 403 and 407 of the Stafford Act, 42 U.S.C. §§ 5170b & 5173, the State agrees to indemnify and hold harmless the United States of America for any claims arising from the removal of debris or wreckage for this disaster. The State agrees that debris removal from public and private property will not occur until the landowner signs an unconditional authorization for the removal of debris.

I have designated Mr. Arthur G. Jones as the State Coordinating Officer for this request. He will work with the Federal Emergency Management Agency in damage assessment and may provide further information or justification on my behalf.

Sincerely,

(Signed)

Kathleen Babineaux Blanco  
Governor
