

VOTE
May 2

Our
Privilege

Our
Duty

Providence has given to our people the choice of their rulers, and it is the duty, as well as the privilege and interest of our Christian nation to select and prefer Christians for their rulers.

John Jay

First Chief Justice of
the United States
Supreme Court

How thankful we should be to live in a county founded on uniquely Christian principles.

How thankful we should be for founding fathers, who recognized that our basic rights and freedoms are gifts from our Creator; and who, in obedience to Him, embedded those rights and freedoms in our foundational documents.

How tragic that today, in so many ways, these basic values are being challenged, and the very name of our Creator has been banned from government places and the public square.

As Christians, we have been charged with the responsibility to be “salt and light” in our culture. And as **Christians in these United States**, that calling requires that we work together to reverse these destructive trends.

Certainly one of our most basic duties is to be **informed voters** – to work to place in every public office men or women who cherish and who will strive to protect fundamental, Christian values. Values such as the sanctity of life, and the truth of marriage.

The question is – How? How can we be informed about the candidates on our ballot on Primary Election Day, May 2nd? It requires effort. But the place to start is...

www.OhioElectionCentral.com

Ohio Election Central sent “values” questionnaires to all public office candidates confirmed for the May 2nd Primary Election Ballot. Candidates for all federal, state and county public offices were surveyed. The candidates’ answers have been posted to the Website, www.OhioElectionCentral.com.

Go there, enter your zip code, and immediately you will be able to compare the answers of each candidate who will appear on your ballot. Contact information is available so that you can contact directly any candidate who fails to answer our questionnaire.

To insure that the most qualified candidates are on the November ballot, we must vote in the Primary. Enter the voting booth on May 2nd armed with the information you need to be an informed voter. It’s our privilege, and our duty.
